Mayor and Bill,

Please see our agenda list below which you both have been familiar with over the last eight months. Ald. Walker voices his support in this message and we have the support of at least two other Council Members for placing these items on our agenda for "Consideration" asap.

Please provide a timeline of when we can expect to see these on our agenda. If there is no timeline provided, I will bring these 10 items up at each of my Ward Reports until it is so. Please let me know if I may help as we prepare this "Top 10" for our consideration to begin what promises to be a great 2024!

Enjoy the day!

Mike

Thank you, Alderman Walker!

I will keep you posted regarding the timing of getting these on our agenda.
